

## INDIANS ORDERED TO NAME ATTORNEY

Interior Department, However, Reserves Right to Disapprove of Appointees.

WASHINGTON, Nov. 8.—No agreement is in sight on the appointment of an attorney for the Indians. Acting Indian Commissioner Merritt said today the appointment must be made by the secretary of the interior. A number of attorneys have been named by the Indians, but the secretary of the interior, however, made from Washington, however, congressmen and senators from Oklahoma have no voice in the matter, as the attorney to be appointed must first make a contract with the Indians.

## FARMER BUILDS HANGAR TO HOUSE 7 AIRPLANES

Special to The World.  
WYNONA, Nov. 8.—The building of a hangar large enough to house seven airplanes at one time besides the installation of an airplane repair shop and an aviation school is one of the latest enterprises to be taken up by the commercial club. Frank Watson, farmer, has donated a field for aviation purposes and the hangar will be denoted by a landing place in the center of the field. The hangar will be painted luminous white so that it can be easily seen at night by aviators.

## ONLY ONE MAILMAN ON JOB AT PAWHUSKA TODAY

WASHINGTON, Nov. 8.—Congressman E. H. Howard, in a personal conference with Postmaster General Hurleston today asked that some steps be taken to relieve the situation at Pawhuska where city mail delivery has stopped. The only carrier staying on the job is handling out mail to patrons who call for it. Mr. Howard told Mr. Hurleston that the low wages paid by the department was responsible for the situation.

## Three Tuscania Survivors.

Special to The World.  
PONCA CITY, Nov. 8.—Ponca City has three survivors of the sinking of the Tuscania by a German submarine during February, 1918, in Leslie Dale of Marland Refining company, Portland H. Smith and Tom Smith with Long Bell Lumber company. Smith is one of five survivors of a lifeboat containing 52 men, which was drawn under by the suction when the Tuscania went down.

## Bond Issue Insufficient.

Special to The World.  
HAWAII, Nov. 8.—When the voters passed a \$200,000 waterworks bond issue last spring, the city did not anticipate delays in court and at the attorney general's office. Since then the price of materials has kept on advancing and when bids were opened here to build the plant, it was found that every bidder wanted \$50,000 or more than the bond issue provided.

## DEEP FISHING HOLE IS FOUND NEAR TAHLEQUAH

Special to The World.  
TALEQUAH, Nov. 8.—At a certain spot in a deep stretch of water overlooked by the high bluffs, at the Horseshoe bend of the Illinois, big cat fish may be secured at any season of the year. The water is so deep that two 16-foot gill poles have to be tied end to end and when the 32-foot pole is thrust vigorously down a fish may be expected. It is said that there is a spring at the bottom of the river and that the fish congregate in great numbers where the water flows upward into the river.

## ROBERTSON'S STAND ON COAL STRIKE INDORSED

Special to The World.  
PORT SMITH, Ark., Nov. 8.—Tarrant who are of the opinion that the stand taken by Governor J. B. Robertson of Oklahoma in the present strike of coal miners is not a popular one in that state are badly mistaken, said Peter R. Stewart, commissioner for the Southwestern Interstate Coal Operators association, in Arkansas and Oklahoma, upon his return from the Oklahoma coal fields.

## BABY IS KILLED BY A TRAIN

Special to The World.  
FAYETTEVILLE, Ark., Nov. 8.—While his father and brother were looking at an airplane, Willard West, 1-year-old son of

Mr. and Mrs. Ed West of Springdale, was instantly killed by a passenger train. The child was playing near the track. His father and brother were working on the other side of the track. While they were watching the airplane the baby left the yard and attempted to cross the track to them. The engineer evidently failed to see the child, as the train did not stop.

## MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back Hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the excretive tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

## Church Is Burglarized

Special to The World.  
BARTLESVILLE, Nov. 8.—Vandals who burglarized the St. John's Catholic church wrecked a handsome side altar and damaged other sacred treasures. A small sum of money in the St. Anthony poor box was stolen.

## Bystander Is Shot

PAWBUHSA, Nov. 8.—A "take" house caused a serious accident here when William Melton, while intoxicated, fired a shot into the Mission pool parlor. The bullet ricocheted from the floor and struck Buster Brading, a bystander in the fore head, making a serious wound.

## There's No Picture Like the Picture of Health

The greatest masterpiece in the Art Gallery of Life is Nature's "Picture of Health."

It is a marvelous portrayal of the human body at its best. One beholds in its composite detail a true symbol of strength. It presents a figure of striking appearance in its erect carriage, clear skin, sparkling eyes, strong limbs, steady nerves and firm muscles, fairly vibrating in animation, keen, alert, fresh, and animated with an air of unbounded confidence and a face radiant in color and illumined with a glow of hope and cheerfulness.

Could Nature have taken you for her model? Suppose you study yourself in the mirror of the present and compare your looks, your feelings and your condition with the general characteristics of this picture of the human body in perfect working order. All parts of which are sound, well organized and disposed, performing their functions freely, naturally.

If you fall in any single point of resemblance, you are not the picture of health. It is imperative, then, that you look to a means to rebuild your strength, energy and vigor to bring your body up to a normal state of efficiency in all of its parts.

**LYKO**

The Great General Tonic

Nothing is more efficacious as a restorer of exhausted nerves and physical forces than LYKO, the great general tonic. It tends to restore the worn-out tissues, replenish the blood, create new power and endurance, and revitalize the spirits of those who are weak, frail, languid and over-taxed as the result of sickness, excessive strain, worry or overwork. It is a reliable appetizer, a splendid aid to digestion and a functional regulator of the liver, kidneys and bowels.

All druggists sell LYKO. Get a bottle TO-DAY and you'll soon learn to look more like the picture of health.

Sole Manufacturers: LYKO MEDICINE COMPANY

NEW YORK KANSAS CITY, MO.

LYKO is sold in original glass bottles only. Beware of all substitutes.

## Savings—

If you had saved all you could—today your bank account would total a very neat sum. Just recall the money you have spent needlessly. Then decide to open a savings account at this bank and regret no more.

# Right Here—Now

Fashion Park Suits and Overcoats in a demonstration of value

# \$48.75

Replacement Values \$55, \$57, \$60, \$63 and \$65

Here is unmistakable evidence of the value to the public of this live store's merchandising methods and policies—that have made the Curtis Brown Store the largest distributors of strictly Hand-Tailored, High-Grade Clothes in Oklahoma. In these days of high prices, we are thinking more of the future than of the present dollar. We have tremendous quantities of merchandise bought way under present market prices.

Not as a public benefaction, but as a hard headed business proposition, we are selling these goods just as low as we can instead of for as much as we could get.

We might easily double our profits this season and still give better values for the money than almost any other store. But we are satisfied, and consider it our duty to continue to operate on our usual narrow margin and let our customers derive the extra financial advantage.

Good Clothes are so scarce this season that no man should buy any more than he actually needs lest some have to go without. But when your need becomes actual, remember that you can supply it here at a good deal less than you would have to pay in any other store we know of.

We show hundreds of carefully styled Suits and Overcoats, remarkable in fabric and variety, at \$33, \$35, \$37, \$40, \$43, \$45 and \$47

## SOLID TIRES FOR HEAVY TRUCKS

The Republic Rubber Corporation has been asked to give its opinion of the type of tire which is better fitted and more economical for use on heavy trucks.

Their experience leads them to advise owners of trucks from two-and-one-half-tons capacity, up, to stick to solid tires.

Their reasons for this radical statement are given below.

"Heavy trucks, as they are designed and built today are intended primarily for solid-tire equipment.

A good solid tire is troubleproof from the day it is mounted on a wheel to the day when it is worn out.

It never requires a change. It provides a thick cushion of resilient rubber between the road and the truck and its load. It does not call for replacement until the tread is no longer serviceable.

In thousands of carefully recorded cases, these tires have proved that they do last longer—They last longer because of the Prodim Rubber of which they are made, the extra quantity of this rubber in the tread, and the method of combining the tread with the hard rubber base, so that separation cannot occur and the tire is good until the tread is worn right down to the flanges."

Don't Waste Daylight Hours  
Drive your truck over to us in the evening. We will press-on Republic Solid Tires and have the truck ready for you next morning.
